is granted authorization according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report A10-1055**

**CONFIDENCE
IN TEXTILES**

Tested for harmful substances

according to Oeko-Tex® Standard 100

A98-0355

Hohenstein

for the following articles:

Preparatory treatment, bleaching resp. reactive or disperse and/or pigment printing (incl. after-shining pigments) in different colours, as well as finishing of yarns and fabrics made of synthetic fibres (acrylic, polyester, polyamide) and their blends resp. cellulosic fibres or wool, partly partly finished with biological active and flame retardant products accepted by Oeko-Tex®, (commission dyeing and finishing).

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested.

This authorisation is valid until 31.12.2011
